Language:

Asking questions (What, How, Is it..?)

How can you help your child?

You can help reinforce this learning by encouraging to practise the language they learnt in class.

You can further support and help your child by:

- Listening to the new songs and chants (including the karaoke versions) on the CD-ROM.
- Doing the activities and games with your child on the CD-ROM.
- Helping your child complete all the activities on MyEnglishLab online
- Helping your child do the activities on the Big English word app.

Encourage your child to enjoy English and take time to show pride in his or her accomplishments. After all, your child is special.

Yours sincerely,
