WORKSHEET-3

E. Read and answer the questions.

Many people think growing a beard and a moustache is manly, but growing long hair is not. Most men have beards or moustaches because they believe that this makes them look stronger. Some think they look smarter with a beard or a moustache. Beards and moustaches are so important for some men. They even organize moustache and beard competitions.

Some men grow their hair long although it is not very common. In the past, most men had short hair. It was a sign of working hard. Men could easily get dirty when they work hard. Especially, during wars hygiene became important for soldiers, so it was better to shave and cut their hair short. In some cultures, men had short hair because they wanted to look different from women.

Nowadays, long hair for men is trendy all around the world. You can see men with long hair in different countries. They may be from different cultures, but they have similar tastes.
